POETRY.

THE SADDEST WHEN I SING.

BY T. H. BAILY.

You think I have a sorry heart,
Because my songs are gay;
But, oh! they all were taught to me
By friends now far away.
The bird will henceforth never sing—
Though singing leads her wing—
But is her song a happy one?
I'm saddest when I sing!

I heard them first at that sweet home
I never shall see;
And over each song of joy has gone
A mournful tone for me.
After the rain in winter time
To mark the songs of spring,
Whose notes resound with wild leaf—
I'm saddest when I sing!

Of all my friends I used to love
My best remains alone;
He faithful since still seems to be
An echo to my own.
My tears when I bid over it
Will tell upon its string;
Yet those who leave me, little think
I'm saddest when I sing!

Brandreth's Pills.

"The true riches of Life are Health."

WE know that health and ability to labor, is the wealth of the great mass of the people; it is, as in most other countries. To preserve, therefore, that health by natural means, as a grand, moral and political scheme, to fulfil which, requires our utmost attention.

The unprecedented success which has resulted from Brandreth's Pills, during a period of upwards of eighty years, the numerous and extraordinary cures which they have performed upon hundreds of individuals, whom they have rescued from almost inevitable death, after they had been pronounced incurable by the most eminent of the faculty—justify Dr. Brandreth, in the propagation of this universal medicine, in every way and conscientiously recommending it to the special notice of the public.

Dr. Brandreth wishes mankind to consider this truth, that health depends on the state of purity in which the blood is kept, every part of the body being supplied daily with new blood from the food consumed; consequently, according to the purity of that blood, so must the state of the body be more or less healthy. To obtain therefore, the most direct purifier of the blood is a question of no little importance to every individual.

That Brandreth's Pills are the most direct purifiers of the blood, there will be no doubt when it is known that they have gained their present very extensive sale by their own intrinsic merit; proved by the numerous cures which they have accomplished in every variety of disease.

The peculiar action of these pills is most surprising; their operation being more or less powerful, according to the presence of the circulating fluid. On a person in a fair state of health, who is only constipated or slightly bilious, they will be scarcely felt; but, on the contrary, if the complaint be chronic and the constitution be much deranged, the effect generally at first is most powerful, until the system be freed of some of its morbid and torpid humors. This accomplished, does sufficient justice to two or three evacuations daily, will soon remove the disorder, and the constitution will soon be restored to a state of health and energy.

These pills are recommended by thousands of persons whom they have cured of consumption, influenza, colds, indigestion, dyspepsia, headache, asthma, gout, rheumatism, nervous diseases, liver complaint, pleurisy, depression of spirits, fits, pale, drop, cramp, cough, whooping cough, quinsy, cholic, cholera morbus, gravel, worms, dysentery, diarrhea, scrofula, trachysplasia, or St. Anthony's fire, salt rheum, white swelling, cancers, tumors, swelled feet and legs, piles, contusions, all eruptions of the skin, female complaints of every kind, especially obstructions, relaxations, &c. &c.

Such is the reputation, and so great the demand for the genuine "Brandreth's Vegetable Universal Pill," that a counterfeiter is made, advertised and sold as genuine, and some individuals who sell the counterfeit pills, have advertised themselves as my agents, and I have found it necessary to preserve the reputation of my pills, and to warn the public from imposition, to furnish every agent with a certificate, which is as follows:

"BRANDRETH'S VEGETABLE UNIVERSAL PILLS."
